EDUCATION

National Institute of Technology, Durgapur
Bachelor of Technology in Electrical Engineering | CGPA- 8.23

Nov 2022 - May 2026

St. John's School, Ghazipur (ISC)
Board of Intermediate Education- Percentage | 95.2%

Apr 2020 - Jun 2021

SKILLS

- **Programming & Data:** C++, Python (NumPy, Pandas, Scikit-learn), SQL (MySQL)
- **Machine Learning:** Supervised Learning (Classification & Regression), Natural Language Processing, Model Evaluation, Feature Engineering
- **Web Technologies:** HTML, CSS, JavaScript, Flask
- **Computer Science Fundamentals:** Data Structures and Algorithms, Object-Oriented Programming, Operating Systems, Database Management Systems
- **Soft Skills:** Problem Solving, Communication, Leadership, Teamwork, Active Learning

PROJECTS

Spam Mail Detection (ML + Flask Web App) | [[Github](#)] | [[Live](#)]

- Developed an NLP classification pipeline using NLTK preprocessing and TF-IDF vectorization, applying SMOTE to resolve class imbalance and training SVM and Logistic Regression models, achieving up to 98.57% accuracy and a 0.95 F1-score.
- Packaged the serialized models and deployed a Flask web application enabling real-time inference with dynamic model selection (SVM/Logistic Regression), consistent backend preprocessing, and a responsive user interface.

Customer Churn Prediction Model | [[Github](#)]

- Built an end-to-end churn prediction pipeline including data cleaning, one-hot encoding, and EDA, utilizing SMOTE within an imblearn Pipeline to handle class imbalance and prevent data leakage.
- Trained and compared multiple classifiers and optimized XGBoost with GridSearchCV, achieving 81.85% accuracy and 0.842 ROC-AUC score.

Personal Portfolio Website | [[Github](#)] | [[Live](#)]

- Developed a fully responsive portfolio website using HTML, CSS, and JavaScript to showcase technical skills and projects with a clean, mobile-first user interface.
- Deployed the site via GitHub Pages and implemented a dedicated projects section with direct links to source code and live demos for better visibility.

ACHIEVEMENTS

- Selected for **Amazon ML Summer School 2025**, among top applicants nationwide for an intensive program on Machine Learning fundamentals and applications.
- Solved **300+ coding problems** on LeetCode, strengthening data structures and algorithms skills.
[[LeetCode Profile](#)]
- Represented school in the **CISCE National Athletic Meet 2019**, participated in the 3000m race and the 4×400m relay and won a Bronze Medal in the relay event.
- Achieved **best athlete award** in the Inter Hall competition 2025, bagging three gold medals in my events.

POSITION OF RESPONSIBILITY

Design Head @ Debating Society, NIT Durgapur

- Led design and branding initiatives for society events, mentored 200+ students in public speaking and debating activities, and contributed to the successful organization of Vistaar, the annual debating fest.

Team Captain of the Athletics Team, NIT Durgapur

- Led and motivated the athletics team during training and competitions while coordinating logistics and participation for inter-college events.
